

Cigarette Butt Litter Reduction Checklist University, College & Campus Facilities

As our society has become more waste and energy conscious, Businesses, Councils and Organizations have made significant improvements in recycling practices, waste reduction and energy efficiency to minimize their impact on the environment.

However, until recently, cigarette butt litter, the world's largest environmental litter problem, has not received the same degree of attention. Cigarette butt litter outside buildings, and scattered by the billions across our cities and countryside has increased considerably since the introduction of indoor & vehicular smoking bans, and this litter rapidly enters our storm-water and aquatic systems - poisoning our environment, degrading its beauty and taking years to break down.

Cigarette butt litter at educational facilities is primarily created by students, visitors, and also by faculty & staff. They're the only ones who can actually reduce the problem of litter, but they need help to do it.

Butt Litter Responsibility provides the means for responsible campus Managers and Officers to assess their efforts to provide adequate education and disposal infrastructure in order to reduce the cigarette butt litter emanating from their campus's activities.

Are you Butt Litter Responsible?

Below is a checklist to assist you to determine if you are cigarette butt litter responsible.

Step 1: Tick the appropriate boxes.
