

Cigarette Butt Litter **Reduction** Checklist

Yacht Clubs, Marinas & Boat Organisations

As our society has become more waste and energy conscious, Businesses, Councils and Organizations have made significant improvements in recycling practices, waste reduction and energy efficiency to minimize their impact on the environment.

However, until recently, cigarette butt litter, the world's largest environmental litter problem, has not received the same degree of attention. Cigarette butt litter outside buildings, and scattered by the billions across our cities and countryside has increased considerably since the introduction of indoor & vehicular smoking bans, and this litter rapidly enters our storm-water and aquatic systems - poisoning our environment, degrading its beauty and taking years to break down.

Cigarette butt litter at yacht clubs and marinas is primarily created by members and patrons and to a lesser extent by industry staff & contractors. They're the only ones who can actually reduce the problem of butt litter, but they need help to do it. Appropriate butt disposal is even more crucial when that cigarette butt litter goes directly into our waterways because the toxins from these butts can stay lethal to fish, marine mammals & birds for over ten years.

Butt litter compliance provides the means for responsible business owners and Management to assess their efforts to provide adequate education and disposal infrastructure in order to reduce the cigarette butt litter pollution emanating from their organisation's activities, whilst simultaneously promoting the highest standards of environmentally responsible trading.

Are you Butt Litter Compliant?

Below is a checklist to assist you to determine if you are cigarette butt litter compliant.

Step 1: Tick the appropriate boxes.

Step 2: Total the number of yes ticks for both Education and Disposal Infrastructure.

Education

Yes No

- | | | | |
|----|---|--------------------------|--------------------------|
| 1. | Do you provide education to your members, patrons, staff and contractors about: | | |
| | a. The environmental effects of cigarette butt litter? | <input type="checkbox"/> | <input type="checkbox"/> |
| | b. Fines and penalties possible for littering cigarette butts? | <input type="checkbox"/> | <input type="checkbox"/> |
| | c. Alternatives to littering? | <input type="checkbox"/> | <input type="checkbox"/> |
| | d. Appropriate and effective disposal methods? | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. | What communication methods do you use: | | |
| | a. Personal Contact? | <input type="checkbox"/> | <input type="checkbox"/> |
| | b. Newsletter or E-Mag etc? | <input type="checkbox"/> | <input type="checkbox"/> |
| | c. Website / Internet / Intranet? | <input type="checkbox"/> | <input type="checkbox"/> |
| | d. Flyers, Posters, Signage? | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. | Do you instruct your staff as to where they should (or shouldn't) smoke and in turn how they should responsibly dispose of their cigarette butts? | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. | Do you inform your members, patrons and contractors as to how they should appropriately dispose of their cigarette butts? | <input type="checkbox"/> | <input type="checkbox"/> |
