

The only kind of foreign butts we want to see.

Don't be an 'Ash-hole!'*

...If you smoke grab one of our Mini-Butts personal ashtrays - and always use it. The environment loves you!

Cigarette butts ARE litter. They are poisonous to the environment and take 4-15 years to break down. Littered butts also start fires.

*** You can be fined up to \$2,000 for tossing your butt.**

You can help protect our precious environment anywhere by always carrying a personal ashtray.

Available free from Reception!
